CORPORATE OVERVIEW

Emerging Defense Solutions, LLC (EDS) is a Commonwealth of Virginia certified, Service-Disabled Veteran-Owned Small Business providing multi-domain defense solutions, specialized tactical training, zero-trust cybersecurity, and mobile legal support services. EDS supports federal agencies, state/local government bodies, defense contractors, and commercial clients with hardened IT infrastructure, firearms instruction, force protection training, and precision notary and process serving operations.

CORE COMPETENCIES & DIVISION SERVICES

Corporate Defense & Tactical Training Division (defense.eds-360.com)

- **Tactical Firearms & Force Protection Instruction:** Range safety, defensive handgun/rifle tactics, concealed carry (CHP) qualification, tactical shooting drills, and active threat response training for security personnel and citizens.
- **Executive Protection & Security Operations:** Close-protection risk assessments, VIP/executive escort protocols, threat mitigation planning, and facility asset security.
- **Public Safety & Emergency Preparedness:** Crisis response frameworks, defensive tactics instruction, physical security site surveys, and emergency action plan development.

Notary & Legal Support Division — (nps.eds-360.com)

- **Mobile Notary Public Services:** On-demand, mobile notarization for corporate agreements, power of attorney, affidavits, real estate closings, and government documentation across Virginia.
- **Professional Process Serving:** Timely, legally compliant service of process for legal notices, subpoenas, court summonses, and civil litigation documents with verifiable proof of service.
- **Loan Signing & Document Precision:** Specialized mobile loan signing agents ensuring precision handling of mortgage closing packages, commercial refinancing, and structured legal contracts.

Cybersecurity & Enterprise System Engineering (cyber.eds-360.com)

- **Zero-Trust & Air-Gapped Infrastructure:** DISA STIG and OpenSCAP automated compliance baselines across enterprise Linux (RHEL 9.4), custom non-internet-connected server enclaves, and local repository mirrors.
- **Identity Controls & Network Architecture:** Enterprise identity management (FreeIPA), role-based access control (RBAC), KVM virtualization, and segmented layer-2/3 VLAN network automation.
- **Continuous Operations & Telemetry:** NIST SP 800-171 / CMMC 2.0 readiness, real-time threat telemetry, and automated security audit log ingestion.

SOCIO-ECONOMIC CERTIFICATIONS & DESIGNATIONS

- **Commonwealth of Virginia SWaM Certified (Certification #: 846748)**
 - **SDVOB** — Service-Disabled Veteran-Owned Business
 - **MBE** — Minority-Owned Business Enterprise
 - **Military Family-Owned Business**
 - **Small Business Designation**
 - **Micro Business Designation**
- **Federal Designation Status:** Service-Disabled Veteran-Owned Small Business (SDVOSB) / SBA 8(a) Applicant (Pending Final Approval).
